1. Nature of operations and going concern

Sintana Energy Inc. ("Sintana" or the "Company") is a Canadian crude oil and natural gas ("hydrocarbons") exploration and development company listed on the TSX Venture Exchange ("TSXV") under the symbol "SEI", and on the OTC market in the United States under the symbol "SEUSF". The primary office of the Company is located at The Canadian Venture Building, 82 Richmond Street East, Toronto, Ontario, Canada, M5C 1P1. Sintana is primarily engaged in hydrocarbons exploration and development activities in Namibia and also holds an interest in Colombia. The Company primarily focuses on the acquisition, exploration, and potential development of crude oil and natural gas resources. Its primary assets are held through its 49% interest in all of the issued and outstanding shares of Inter Oil (Pty) Ltd. ("Inter Oil") and through its 49% interest in all of the issued and outstanding shares of Giraffe Energy Investments (Pty) Ltd. ("Giraffe"). Inter Oil is a private Namibian company which indirectly holds a strategic portfolio of offshore petroleum exploration licenses ("PEL") including (i) a 15% (Sintana: 7.35%) limited carried interest in PEL 87; and (ii) a 10% (Sintana: 4.9%) limited carried interests in each of PELs 82 and 83; and (iii) a 10% (Sintana 4.9%) interest in PEL 90. Inter Oil also holds a 30% (Sintana: 14.7%) interest in a subsidiary which, in turn, holds a 90% interest in onshore PEL 103. Giraffe holds a 33% limited carried interest in PEL 79 which governs Namibia offshore blocks 2815 and 2915. In addition, Sintana holds private participation interests of 25% unconventional (carried) and 100% conventional in the potential hydrocarbon resources of the 43,158 acres Valle Medio Magdalena 37 ("VMM-37") Block in Colombia.

Sintana is at an early stage of development and as is common with similar exploration companies, it raises financing for its property acquisition and exploration activities. Sintana did not earn any operating income in the current and prior years. For the nine months ended September 30, 2025, the Company incurred a loss of \$9,554,493 (nine months ended September 30, 2024 - \$7,698,866) and had an accumulated deficit of \$119,695,929 (December 31, 2024 - \$110,127,660). Sintana had working capital of \$13,451,578 at September 30, 2025 (December 31, 2024 - \$16,439,611).

These unaudited condensed interim consolidated financial statements have been prepared on a basis which contemplates that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business. Accordingly, they do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern. The certainty of funding future exploration expenditures and availability of additional financing sources cannot be assured at this time. These material uncertainties may cast significant doubt on the Company's ability to continue as a going concern and, accordingly, the ultimate use of accounting principles applicable to a going concern. The Company's ability to continue as a going concern is dependent upon obtaining additional financing and eventually achieving profitable production. These unaudited condensed interim consolidated financial statements do not reflect any adjustments to the carrying values of assets and liabilities and the reported expenses and statement of financial position classifications that would be necessary should the going concern assumption be inappropriate.

2. Material accounting policies and information

Statement of compliance

The Company applies IFRS® Accounting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements prepared in accordance with IFRS as issued by the IASB.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRSs issued and outstanding as of December 1, 2025, the date the Board of Directors approved these unaudited condensed interim consolidated financial statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent annual audited consolidated financial statements as at and for the year ended December 31, 2024, except as noted below. Any subsequent changes to IFRS that are given effect in the Company's annual audited consolidated financial statements for the year ending December 31, 2025 could result in restatement of these unaudited condensed interim consolidated financial statements.

2. Material accounting policies and information (continued)

Future applicable accounting standards

In April 2024, the IASB issued IFRS 18 - Presentation and Disclosure in Financial Statements which sets out the overall requirements for presentation and disclosures in the consolidated financial statements. The new standard replaces IAS 1 and although much of the substance of IAS 1 will carry over into the new standard, the new standard will require presentation of separate categories of income and expense for operating, investing, and financing activities with prescribed subtotals for each new category. The new standard will also require disclosure and explanation of 'management-defined performance measures' in a separate note within the consolidated financial statements.

The new standard is effective for annual reporting periods beginning on or after January 1, 2027, including interim consolidated financial statements, and requires retrospective application. The Company is currently assessing the impact of the new standard.

3. Acquisition of Giraffe

On April 24, 2024, the Company entered into a definitive agreement with Crown Energy (Pty) Ltd. ("Crown"), a private Namibian company, providing for the acquisition (the "Acquisition") by the Company from Crown of up to 67% of the issued and outstanding shares of Giraffe. Giraffe holds a 33% limited carried interest in PEL 79 which governs Namibia offshore blocks 2815 and 2915. The Acquisition is structured as an initial purchase of 49% of the issued and outstanding shares of Giraffe from Crown for cash consideration of US\$2,000,000, with the Company being granted an option to increase its ownership up to an aggregate 67% interest in Giraffe over a period of five years for an additional cash payment at the time of exercise of US\$1,000,000.

On June 10, 2024, the Company announced that it had completed the Acquisition of the initial 49% interest in Giraffe. The consideration for the Acquisition consisted of a cash payment of \$2,737,200 (US\$2,000,000).

Although the Company owns approximately 49% of Giraffe and, therefore, less than half of its voting power, management determined that the Company controlled the entity. The Company controlled Giraffe, on a de facto power basis, because the option to increase ownership from 49% to 67% is exercisable immediately, without any significant legal, procedural, or financial barriers, making it a substantive potential voting right. When combined with Sintana's existing 49% ownership, the exercisability of the option provides Sintana with the current ability to direct Giraffe's relevant activities, including the approval of exploration budgets, capital expenditures, and operational strategies for PEL 79. Furthermore, the requirement for 100% unanimous approval of fundamental decisions, will not preclude Sintana from directing the relevant activities, even upon exercising the additional 18% option. Management has determined that this requirement grants Crown a protective right rather than limiting Sintana's ability to exercise control over the relevant activities of Giraffe.

The Acquisition did not meet the definition of a business combination under IFRS 3, Business Combination. Accordingly, the acquisition was accounted for as an asset acquisition. The Company recorded a total of \$2,789,127 in exploration and evaluation expenditures to the unaudited condensed interim consolidated statement of loss and comprehensive loss which is the excess of the consideration paid over the fair value of the identifiable net assets.

10. RSUs

The grant date fair value of RSUs equals the fair market value of the corresponding shares at the grant date. The fair value of these equity-settled awards is recognized as compensation expense with a corresponding increase in contributed surplus. The total amount expensed is recognized over the vesting period, which is the period over which all specified vesting conditions must be satisfied before RSUs are earned and therefore convertible. RSUs are converted into common shares when vested.

On June 27, 2025, the Company granted a total of 4,200,000 RSUs to certain directors and officers of the Company. The RSUs will vest on June 27, 2026.

On May 1, 2024, the Company granted a total of 2,400,000 RSUs to certain directors and officers of the Company. The RSUs vested on May 1, 2025. During the three and nine months ended September 30, 2025, nil and 2,400,000 RSUs, respectively (three and nine months ended September 30, 2024 - nil and 3,900,000 RSUs, respectively) vested and were converted to common shares with a value of \$2,591,999 (three and nine months ended September 30, 2024 - \$653,327 and \$1,082,921, respectively).

The compensation portion of RSUs granted in the current and prior years and vested during the three and nine months ended September 30, 2025, amounted to \$2,567,462 and \$3,982,311, respectively (three and nine months ended September 30, 2024 - \$653,327 and \$1,082,921, respectively).

As of September 30, 2025, there were 6,800,000 RSUs outstanding (December 31, 2024 - 5,000,000 RSUs).

11. Net loss per share

The calculation of basic and diluted loss per share for the three and nine months ended September 30, 2025 was based on the loss attributable to common shareholders of \$3,552,772 and \$9,568,269, respectively (three and nine months ended September 30, 2024 - loss of \$1,556,456 and \$7,717,904, respectively) and the weighted average number of common shares outstanding of 380,138,970 and 378,075,670, respectively (three and nine months ended September 30, 2024 - 374,092,340 and 356,237,980, respectively). Diluted loss per share did not include the effect of options, warrants and RSUs for the three and nine months ended September 30, 2025 and 2024 as they were anti-dilutive.

16. Proposed transaction

On May 14, 2025, the Company announced the formation of a strategic partnership with Corcel, plc ("Corcel") focused initially on opportunities in Angola.

Specifically, Sintana and Corcel have entered into an agreement which provides for Sintana's acquisition of an indirect 5% net interest in KON-16 located in the onshore Kwanza Basin in Angola. Sintana will acquire its interest through the acquisition of a 5.88% equity stake in a newly formed Special Purpose Vehicle ("SPV") that will hold Corcel's consolidated 85% gross interest in KON-16. Additionally, Sintana will receive a future 2.5% Net Profits Interest ("NPI") on Corcel's interest in KON-16 of up to \$50,000,000, after which the NPI reduces to 1.5%. The consideration for the transaction is a total of US\$2.5MM payable by way of an initial US\$500,000 deposit (\$698,200 paid - refer to note 4) and a balance of payment at closing, which is subject to entry into definitive documents and other completion conditions expected to occur in Q4 2025.

17. Subsequent events

(i) On October 9, 2025, the Company announced that it has reached an agreement with Challenger Energy Group PLC ("Challenger") on the terms of an all-share acquisition pursuant to which Sintana will acquire all of the issued and to be issued ordinary share capital of Challenger (the "Acquisition").

Under the terms of the Acquisition, Challenger shareholders will receive approximately 0.4705 common shares of Sintana ("Sintana Shares") for each Challenger ordinary share ("Challenger Share") held. Based upon the closing price of \$0.66 per Sintana Share on the TSXV on October 8, 2025, and the £/Cdn\$ exchange rate of 1.87 as at October 8, 2025, the Acquisition represents an implied value of 16.61 pence per Challenger Share (approximately \$0.3105 per Challenger Share), valuing the entire issued and to be issued share capital of Challenger at approximately £44.72 million (or approximately \$83.63 million) on a fully diluted basis. The terms of the Acquisition represent a premium of approximately:

- 44% to the closing price of 11.5 pence per Challenger Share on October 8, 2025;
- 97% to the volume weighted average price of 8.41 pence per Challenger Share for the three-month period ended on October 8, 2025; and
- 96% to the volume weighted average price of 8.48 pence per Challenger Share for the six-month period ended on October 8, 2025.

Immediately following completion of the Acquisition, it is expected that Challenger shareholders will own approximately 25% of the issued share capital of Sintana (based on the existing issued common share capital of Sintana and the fully diluted ordinary share capital of Challenger as at October 8, 2025). The Acquisition is a "significant acquisition" for Sintana under Canadian securities laws, and Sintana will file the applicable business acquisition report pursuant to National Instrument 51-102 in due course.

In connection with the Acquisition, Sintana also intends to seek admission of the Sintana Shares to trading on AIM in the fourth quarter of 2025 (the "Admission"). Sintana will now commence the process of obtaining such admission, including the publication of an admission document. Obtaining the Admission is not a condition to the completion of the Acquisition.

Completion of the Acquisition is subject to customary regulatory, stock exchange and Challenger shareholder approvals and is expected to close by the end of the fourth quarter of 2025.

Board and Management

Upon completion of the Acquisition, it is intended that Eytan Uliel (the current Challenger Chief Executive Officer) will be appointed as President and executive director of Sintana, and Iain McKendrick (the current Challenger Non-Executive Chairman) will be appointed as a non-executive director of Sintana. It is also intended that upon closing, existing Sintana Executive Chairman, Keith Spickelmier, will transition to the role of Non-Executive Chairman; existing Sintana non-executive directors, Doug Manner and Knowledge Katti, will continue in their current roles; existing Sintana non-executive directors, Bruno Maruzzo and Dean Gendron, will resign from their positions; Robert Bose, existing Sintana Chief Executive Officer (and also currently a director of Challenger) will continue in his role with Sintana; Jonathan Gilmore, currently the Finance Director of Challenger, will assume the role of CFO of Sintana; David Cherry, currently the Chief Operating Officer of Sintana, will cease his employment with Sintana; and Doug Manner, currently President of Sintana, will cease his employment in that capacity but shall continue on as a non-executive director of Sintana.

Loan Agreement

In connection with the Acquisition, Sintana has entered into a loan agreement with Charlestown Energy Partners, LLC ("Charlestown"), a shareholder in Sintana and Challenger, pursuant to which Charlestown has agreed to provide Sintana with a working capital facility of US\$4 million (the "Facility") from the closing of the Acquisition. The Facility can be terminated by Sintana at any time by giving not less than 20 business days' prior written notice to Charlestown. The provision of the Facility is conditional upon the receipt of approval of the TSXV.

17. Subsequent events (continued)

(ii) On November 3, 2025, the Company announced that it is intended that the Acquisition will be implemented by way of a Court-sanctioned scheme of arrangement under Part IV (section 152) of the Isle of Man Companies Act 1931 as amended from time to time (the "Scheme").

As further set out in the Scheme Document, before the Court's sanction can be sought for the Scheme, the Scheme requires, amongst other things, the requisite majorities of:

- Scheme Shareholders voting in favour of the resolution to be proposed at the Court Meeting; and
- Challenger Shareholders voting in favour of the Special Resolution at the separate General Meeting.

The Court Meeting and the General Meeting are each to be held at the Company's registered office at The Engine House, Alexandra Road, Castletown, Isle of Man IM9 1TG on 26 November 2025.

(iii) On November 26, 2025, the independent Challenger directors announced that at the Court Meeting and the General Meeting held today in connection with the Acquisition:

- the requisite majority of Scheme Shareholders voted to approve the Scheme at the Court Meeting held on November 26, 2025; and
- the requisite majority of Challenger shareholders voted to approve the Special Resolution to implement the Scheme, including the amendments to the Articles of Association, at the General Meeting held on November 26, 2025.

The outcome of the Court Meeting and the General Meetings means that Conditions 2.1 and 2.2, as set out in Part A of Part 3 of the Scheme Document, have been satisfied.

Completion of the Acquisition remains subject to the sanction by the Court at the Court Sanction Hearing and the satisfaction or (if capable of waiver) waiver of the other Conditions set out in Part 3 of the Scheme Document.

Subject to the satisfaction or (if capable of waiver) waiver of the remaining conditions, Challenger and Sintana expect that the Scheme will become effective on 11 December 2025.
